

CURRICULUM VITAE

SHUBH VAISH

Profile Highlights:

- ⇒ Electronics & Communication Engineering Graduate from Bundelkhand Institute of Engineering & Technology, Jhansi.
- ⇒ Significant exposure of various design, simulation, and development tools like Microwind EDA, MATLAB, PCB Design, VS Code, Verilog, System Verilog, Circuit Design, Arduino etc.
- ⇒ Also, proficient in Programming Language 'C', 'C++' and python and in depth understanding of Data Structure and Algorithms.

Contact Address:

S/o MR. Devendra Vaish
Bharat Milap Gali,
Moh. Kanoon Goyan
Budaun (U.P)
PIN: 243601

Contact No:

+91-7599926158

E-mail id:

shubhvaish2002@gmail.com

Date of Birth:

October 08, 2002

Highpoints:

- Quick Learner
- Creative Thinking
- Flexibility & adaptability
- Good at solving problems.

Extra-curricular:

- Listening to music
- Travelling
- Chess

Career Objective:

- ⇒ Establish a successful career in today's corporate environment and be a part of the technical and methodological advancements happening.
- ⇒ Seeking a position where I can challenge my potential, put my skills to good use and grow my career.
- ⇒ Open to learn and expose myself to new Technologies to nourish my technical skills.

Education:

Bachelor of Technology

- ⇒ Final year of B. Tech. in Electronics & Communication Engineering discipline.
- ⇒ Aggregate of 7.43 CGPA in graduation.

Certifications

- ⇒ VLSI SoC Design using Verilog HDL from Maven Silicon.
- ⇒ Machine Learning, Data Science & Generative AI with Python.
- ⇒ Data Analysis with Python.
- ⇒ Study for Per-CAT at Sunbeam, Pune (concluded in Dec, 2024).

Senior School Certificate Examination

- ⇒ Completed Senior School Certificate Examination from CBSE Board in 2020.
- ⇒ Aggregate of 94.6%.

High School Examination

- ⇒ Completed High School Examination from UP State Board in 2018.
- ⇒ Aggregate of 89.5%.

CURRICULUM VITAE

Projects:

Artificial Neural Network:

- ⇒ Successfully completed the project on ANN using MATLAB.
- ⇒ Evaluated performance of the Neural Network by comparing its Output predictions with the actual input data.
- ⇒ Used various metrics such as accuracy, precision, recall and F1-score etc.
- ⇒ Evaluated the possibility of using ANN in real world applications used for pattern recognition, classification, regression, anomaly detection etc.

Vehicle Theft Detection and Notification System using GSM :

- ⇒ This functionality is achieved by detecting vehicle status in theft mode and by sending an SMS, which is generated automatically.
- ⇒ The owner can send back the SMS in order to disable the ignition of the vehicle.
- ⇒ The engine is controlled by the microcontroller, which is interfaced with GSM module which on receipt of the message control the engine accordingly.

Internship @ Semiconductor Laboratory, Mohali:

- ⇒ Supported the Design of Graphic User Interface for Metrology tools for feeding the data automatically.
- ⇒ Exposure to QT designer tool for various user customizations of GUI.
- ⇒ New interface helps in easing of Floor activities planning and provide savings of Man-hours by around 20%.

Period:

October 2022 - November 2022

Team Size:

5

Tools:

MATLAB

Period:

September 2023 - April 2024

Team Size:

5

Tools:

MATLAB, Hardware components
(GSM module, Microcontroller)

Period:

May 2023 - June 2023

Team Size:

Individual Contributor

Tools:

QT Designer, PyQt 5, Python

Personal Details:

Father	:	Mr. Devendra Vaish
Mother	:	Mrs. Seema Vaish
Nationality	:	Indian
Religion	:	Hindu
Marital Status	:	Single
Languages known	:	English, Hindi

Budaun

Shubh Vaish
